Cartographic Perspectives (*CP*) publishes original articles demonstrating creative and rigorous research in cartography and geographic visualization under open-source licensing. Papers undergo double-blind peer review; those accepted for publication must meet the highest standards of scholarship, address important research problems and issues, and appeal to a diverse audience.

Articles should be submitted online, in OpenOffice, Microsoft Word, or RTF file format. Each manuscript is reviewed by the editor, one or more members of the editorial board, and at least one external reviewer. By uploading to the *CP* website, authors agree to not submit the manuscript elsewhere until the *CP* editor has reached a decision. Any submitted manuscript must not duplicate substantial portions of previously published material.

STYLE: Grammar and punctuation should conform to the latest edition of the Chicago Manual of Style, and all manuscripts should make use of American spellings.

ILLUSTRATIONS: Maps, graphs, and photos should convey ideas efficiently and tastefully. Graphics should be legible, clean, and clearly referenced by call-outs in the text. Sound principles of design should be employed in the construction of graphic materials, and the results should be visually interesting and attractive.

- All graphics must be in digital form, either digitally generated or scanned. Preferred formats are .tif, .ai, .jpg, or press-ready .pdf.

- Images must both be embedded in the manuscript, and sent as separate files.

- Images in raster format must, at minimum, be 1000px wide; at least 2000px is strongly preferred.

- Where possible, graphics should have a transparent, rather than a white, background.

- The editors the right to make minor adjustments to illustrations.

- Authors are responsible for ensuring that they have permission to use all illustrations.

- Image orientation should be the same as intended for final publication.

- For vector files, fonts should be embedded or converted to outlines.

- Type sizes below 6 point should be avoided.

- Captions should not be part of the illustration. Instead, please supply captions within the text of the article.
